

PROBLE

M

- It takes at least 3 or 4 months for the sample house to be ready and also takes time to decorate and interior design
- A home is a one-time investment and it takes a lot of thought to buy it without looking at it

SCOP

E

- At the moment there is a lot of spread of innovation by using virtual technology, but innovation in this field in real estate is not so much, that's why I'm working on it
- This project is initiative to take the whole real estate market on Virtual for future perspective
- Initiative to huge contribution in virtual marketing. The customer will have ease in making the decision

SOLUTIO

N

- Introducing VbuildD (We build Dreams)
- A Virtual tour can be done before the house is ready
- This project is AR and VR (mixed Reality) based
- with these technologies we offer a virtual tour of the house before getting ready

PURPOS

E

- Customer Perspective will give them a vision of what their home will be like
- Buying a home is the dream of a middle-class family then the initiative of this project is that the customer can tour own dream home virtual and make decision
